DETAILED ACTION

Allowable Subject Matter

Claims 1-9 are allowed.

The following is an examiner's statement of reasons for allowance: the Examiner agrees with Applicant's arguments. The prior art fails to teach or fairly suggest, in addition to the accompanying features of the claims, the following in italics: first and second baffles each having an aperture for passing only a portion of light from the light source incident upon the baffle, the arrangement being such that *light from the light source must pass through the apertures in both baffles to be incident upon the light guide.*

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Thomas Adams on May 15, 2006.

Art Unit: 2883

The application has been amended as follows:

Claims 10-13 have been cancelled.
